Have you received a **previous dose of COVID-19 vaccine**? **Yes / No** **Date / season of last COVID-19 vaccine:**	

Section 3: Informed Consent

I, the client, parent or guardian, have read or had explained to me information about the vaccine(s). I have had the chance to ask questions, and answers were given to my satisfaction. I understand the risks and benefits of receiving the vaccine(s). I agree to wait in the pharmacy for 15 minutes (or longer, if recommended by a Healthcare Provider) after receiving the vaccine(s).

I am aware that it is possible (yet rare) to have an extreme allergic reaction to any component of the vaccine(s). Some serious reactions called "anaphylaxis" can be life-threatening and are deemed medical emergencies. If I experience such a reaction following vaccination, I am aware that it may require the administration of epinephrine, diphenhydramine, beta-agonists, and/or antihistamines to try to treat this reaction and that 911 will be called to provide additional assistance to the immunizer. The symptoms of an anaphylactic reaction may include but is not limited to hives, difficulty breathing, and/or swelling of the tongue, throat, and/or lips. In the event of anaphylaxis, I will receive a copy of this form containing information on emergency treatments that were received, or a copy will be provided to my agent or EMS paramedics.

☐ I confirm that I want to receive the vaccine(s) **OR** ☐ I confirm that I want my child to receive the vaccine(s)

Patient/ Agent **Name** (& Relationship)	Patient / Agent **Signature**	**Date** Signed (DD/MMM/YYYY)
